

Consensus on essential packages of interventions

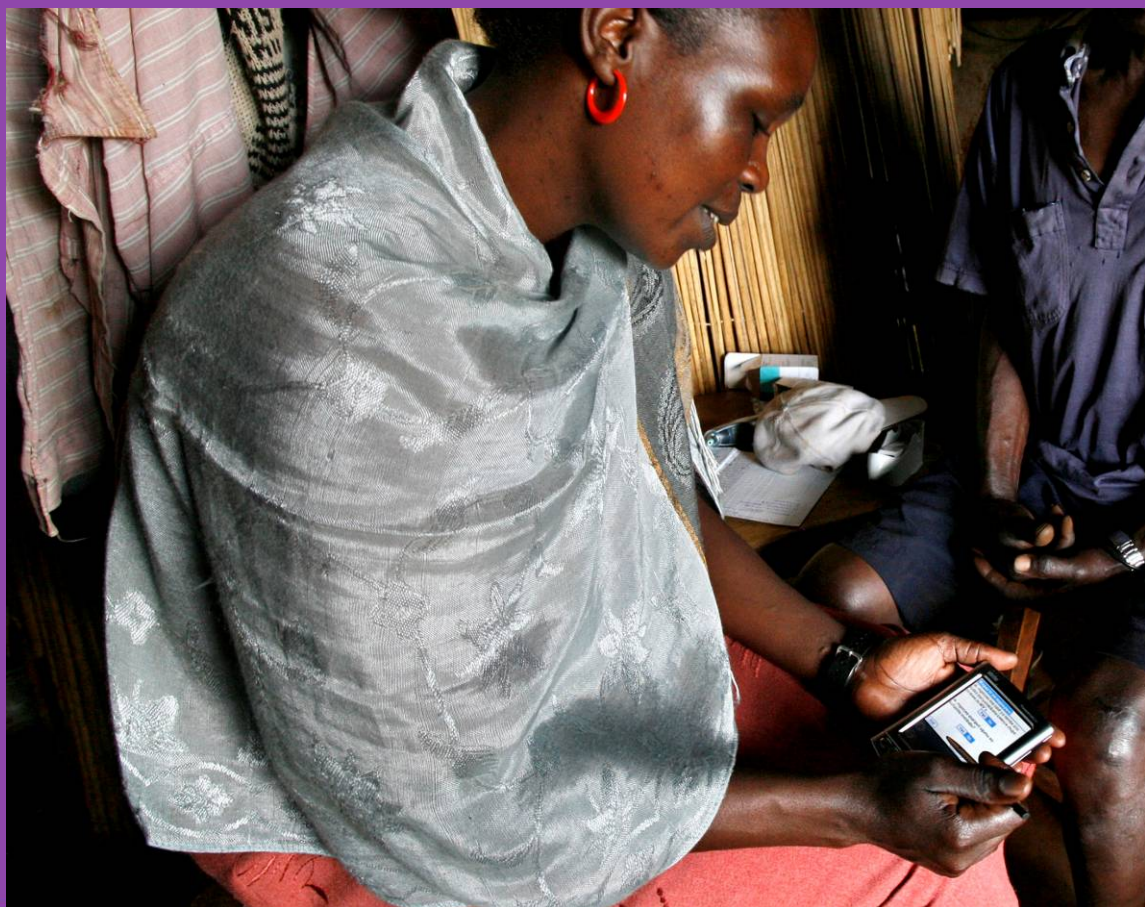

Elizabeth Mason, WHO
Zulfiqar Bhutta, Aga Khan University

Outline of presentation

1. Rationale and objectives
2. Timeline
3. Partners
4. Example interventions
5. Next steps

Rationale and Objectives

Background to development of PA 2 agenda

- ❖ Lack of consensus on how best to move in a coordinated manner to scale up key MNCH interventions
- ❖ Lack of defined key consensus products that ALL constituencies/partners can own and agree to scale up
- ❖ Lack of consensus on delivery strategies

Priority Action 2 Outputs

- ❖ Consensus developed on content of MNCH packages of interventions at each level of the health system and agreement on how to scale-up.
- ❖ Research gaps into content of core packages of interventions identified, and ongoing research mapped
- ❖ Consensus built on revised core MNCH packages to be delivered at each level and agreement on how to scale up.

Outputs: 2010-11

- ❖ Consensus developed on content of MNCH package of interventions at each level of the health care delivery system and agreement on how to scale up.
 - ◆ Document with key interventions across the continuum of care with level of delivery available.
- ❖ Research gaps identified into content of core package of interventions identified, and ongoing researched mapped and synthesized.
 - ◆ Report of research gaps and mapping completed and gaps identified.

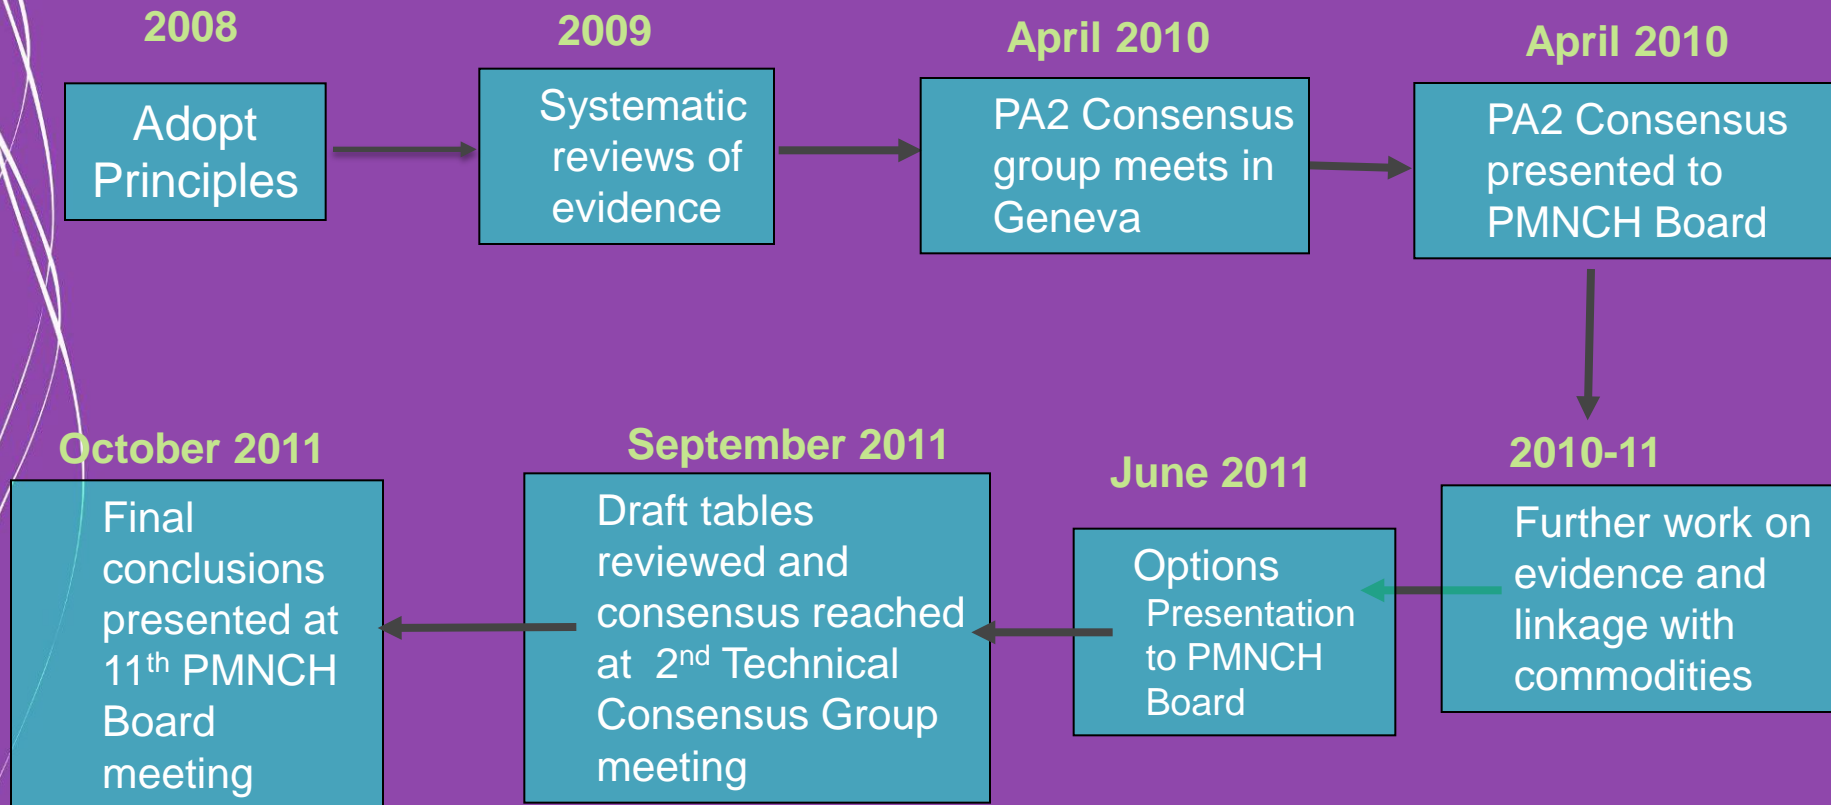

PA2 Lead partners

- **WHO & AKU**
 - Systematic reviews of evidence
 - Technical consultations
 - Consensus building

Timeline

Essential Interventions Timeline

PA2 Partners

Inclusive, Collaborative, Comprehensive

- Aga Khan University (*Pakistan*)
- Christian Medical College and Hospital, Vellore (India)
- Institute of Clinical Effectiveness and Health Policy (Argentina)
- Family Care International
- FIGO
- International Confederation of Midwives
- Merck
- Saving Newborn Lives/Save the Children USA
- The Bill and Melinda Gates Foundation
- The Government of Australia (AusAID)
- The Government of Nigeria
- The Government of Norway (NORAD)
- The Government of Sweden (Sida)
- The Government of the United Kingdom (DFID)
- The World Bank
- University College, London
- UNDP/UNFPA/WHO/World Bank Special Programme of Research, Development and Research Training in Human Reproduction
- UNFPA
- UNICEF
- USAID
- USAID
- WHO

Final Product

Document combines:

- Interventions,
- Level of delivery,
- Commodities,
- Guidelines,
- References

ESSENTIAL INTERVENTIONS, COMMODITIES AND GUIDELINES

for Reproductive,
Maternal, Newborn
and Child Health

A GLOBAL REVIEW OF KEY INTERVENTIONS
RELATED TO REPRODUCTIVE, MATERNAL, NEWBORN
AND CHILD HEALTH (RMNCH)

DRAFT

Example Intervention

PRIORITY INTERVENTIONS	LEVEL OF CARE (REFERRAL, PRIMARY, COMMUNITY)	CARE PROVIDERS (COMMUNITY HEALTH WORKERS, PROFESSIONAL HEALTH WORKERS)	KEY COMMODITIES (SUPPLEMENTED BY ANNEX)	PRACTICE GUIDELINES
Preconception/periconceptional interventions				
<p>Prevention and management of malaria in pregnancy</p> <p>a) Prophylactic antimalarial for preventing malaria in pregnancy^{14, 15}</p> <p>b) Provision and promotion of use of Insecticide Treated Nets for preventing malaria in pregnancy¹⁶</p>	<p>Primary Referral Community</p>	<p>ALL</p>	<p>a) Antimalarial drugs according to the situation/context</p> <p>b) Insecticide Treated Nets</p>	<ul style="list-style-type: none"> Pregnancy, Childbirth, Postpartum and Newborn Care: a guide to essential practice http://whqlibdoc.who.int/publications/2006/924159084X_eng.pdf Insecticide treated bednets: a WHO position statement http://www.who.int/malaria/publications/atoz/itnspopaperfinal.pdf

REPRODUCTIVE AND MATERNAL HEALTH INTERVENTIONS

PRIORITY INTERVENTIONS	LEVEL OF CARE (REFERRAL, PRIMARY, COMMUNITY)	COMMUNITY OR PROFESSIONAL HEALTH WORKERS	KEY COMMODITIES (SUPPLEMENTED BY ANNEX)	PRACTICE GUIDELINES AND TRAINING MANUALS
PRECONCEPTION/PERICONCEPTUAL INTERVENTIONS				
Family planning ¹⁻³	Community Primary Referral	ALL	<ul style="list-style-type: none"> Barrier methods (male and female condoms, diaphragm, gels, foams) Oral contraceptives (progestin only and combined) Emergency contraceptives and hormonal injections 	<ul style="list-style-type: none"> Medical eligibility criteria for contraceptive use http://whqlibdoc.who.int/publications/2010/9789241563888_eng.pdf Family Planning: a global handbook for providers http://whqlibdoc.who.int/publications/2011/9780978856373_eng.pdf
	Primary Referral	Professional health workers	<ul style="list-style-type: none"> All of the above plus implants Long acting reversible contraceptives (implants) Intrauterine devices Surgical contraception 	

NEWBORN CARE INTERVENTIONS - BIRTH AND POSTNATAL

PRIORITY INTERVENTIONS	LEVEL OF CARE (REFERRAL, PRIMARY, COMMUNITY)	COMMUNITY OR PROFESSIONAL HEALTH WORKERS	KEY COMMODITIES (SUPPLEMENTED BY ANNEX)	PRACTICE GUIDELINES AND TRAINING MANUALS
IMMEDIATE ESSENTIAL NEWBORN CARE (AT THE TIME OF BIRTH)				
Promotion and provision of thermal care for all newborns to prevent hypothermia (immediate drying, warming, skin to skin, delayed bathing) ⁵³	Community Primary Referral	ALL	<ul style="list-style-type: none"> Materials for counselling, health education and health promotion 	<ul style="list-style-type: none"> WHO essential newborn care http://www.who.int/making_pregnancy_safer/documents/newborn_care_course/en/index.html WHO. Thermal protection of the newborn: a practical guide (Part of training material) http://www.who.int/making_pregnancy_safer/documents/ws42097th/en/ WHO. IMCI chart booklet (2008) http://www.who.int/child_adolescent_health/documents/IMCI_chartbooklet/en/index.html

CHILD HEALTH INTERVENTIONS

PRIORITY INTERVENTIONS	LEVEL OF CARE (REFERRAL, PRIMARY, COMMUNITY)	COMMUNITY OR PROFESSIONAL HEALTH WORKERS	KEY COMMODITIES (SUPPLEMENTED BY ANNEX)	PRACTICE GUIDELINES AND TRAINING MANUALS
INFANCY AND CHILDHOOD				
Promotion and support for exclusive breastfeeding for 6 months ^{79, 80}	Referral Primary Community	ALL	<ul style="list-style-type: none"> Materials for counselling, health education and health promotion, including individual and group counselling 	<ul style="list-style-type: none"> WHO. Exclusive Breastfeeding http://www.who.int/nutrition/topics/exclusive_breastfeeding/en/ WHO. Infant and young child feeding counselling: an integrated course (2006) - Training tool http://www.who.int/nutrition/publications/infantfeeding/9789241594745/en/index.html WHO. Community-based strategies for breastfeeding promotion and support in developing countries (2003) - Technical Review http://www.who.int/child_adolescent_health/documents/9241591218/en/index.html WHO. IMCI chart booklet (2008) http://www.who.int/child_adolescent_health/documents/IMCI_chartbooklet/en/index.html

Next steps...

Next Steps...

- Present interventions book for PMNCH Board review and feedback on format. Comments by 31st October.
- Integrate Board suggestions and finalise by 4th November.
- Document will be available on web with web-links to background documents, including extensive references
- Widespread dissemination and use by all constituencies
- Plan for update as new evidence emerges

Work commissioned for 2011

<u>Title</u>	<u>Institution</u>	<u>PI</u>	<u>D day</u>
Management of children aged 2-59 months with suspected bacterial meningitis or severe septicaemia in developing countries	University of Melbourne, Australia	K Kiang	December 2011
Case management of Severe Acute Malnutrition	Washington University, St. Louis, US	M Manary, J Willumsen, I Trehan	December 2011
Evidence on the short and long-term effects of breastfeeding: Systematic reviews and meta-analysis	Univ. Federal de Pelotas, Brazil	B Horta	November 2011
Post-abortion care including identification and treatment of abortion-related complications, counseling and provision of contraception and linkages to other SRH services	NHS Centre for the Evaluation of Effectiveness of Health Care Local Health Unit, Modena, Italy	N Magrini	September 2011
Landscape Review of EMNOC Training: Towards Increasing the Evidence behind Key Maternal, Newborn and Child Health Interventions	Liverpool School of Tropical MedicineUK	N van den Broek	July 2011
Financial Support Platforms for Improving Basic and Emergency Obstetric Care: A Landscape Review	Aga Khan University, Pakistan	S Zaidi	October 2011
