

Deliverable 1.3 Monitoring of trends and accountability evidence - Action Plan

PMNCH 2022-23 Workplan Deliverable:	1.3 Monitoring of trends and accountability evidence (e.g., progress reports, etc.) and production of digitally accessible resources (e.g., reports, accountability compendium, briefs and assets, etc.) related to WCA and equity, including progress evidence on COVID-19-related commitments.
Coordinating Structure	Accountability Working Group
Function and Output:	Knowledge synthesis

1. Rationale and added value

During its [2021-2025 Strategy](#), PMNCH aims to support its Partners to advocate for, secure and follow up on 30 national and five new global/regional policy, financing and/or service commitments to prioritize women's, children's, adolescents' (WCA) health and well-being, with a focus of leaving no one behind.

To support powerful advocacy, PMNCH will focus on empowering and enabling accountability stakeholders and mechanisms at all levels to prioritize and advance women's, children's, and adolescents' health, rights and well-being, grounded in human rights and equity in the context of UHC and the SDGs.

As the largest alliance for WCAH, PMNCH will facilitate streamlined and aligned global reporting on the progress made, accountabilities, calling out gaps, and putting forward recommendations tailored for regional and country-level action for better policies, increased and better financing and service coverage. This includes progress reporting on the Global Strategy for Women's, Children's and Adolescents' Health (2016-2030), in close collaboration with H6 and the UN Secretary General's Global Advocate for Every Woman Every Child.

Consolidating and making accountability resources on WCAH more easily available will enhance partner capacity to strengthen accountability mechanisms and peer-to-peer learning in support of advocacy efforts. For this purpose, PMNCH will coordinate a curated digital Accountability Compendium – an online platform for knowledge sharing and engagement.

2. Proposed work

PMNCH 2022 sub-deliverable	Task team ¹	Partners	Constituencies	Focal Point	Delivery	Contributions ²
1.3.1 Progress report on the Global Strategy for Women's, Children's and Adolescents' Health (2016-2030)	Accountability WG	WHO, UNICEF, UNFPA, UN Secretary General's Special Advocate for Every Woman Every Child, Countdown 2030	All constituencies	Jennifer Requejo, UNICEF Teresa Diaz, WHO, Petra Tenhoope-Bender, UNFPA	Q3 2022	\$90k
1.3.2 Conceptualization of "deep dives" on progress reporting for dedicated BMJ series in 2023 (e.g., is UHC delivering for WCAH and equity?)	Accountability WG	Countdown 2030, country partners	CSO, ART, HCPA, AYC	TBC	Q3 2022	\$25k

¹ See section 5 for the proposed role of Task Teams. Its members can be any PMNCH partners who are interested in engaging in the individual sub-deliverables.

² Each sub-deliverable should be funded through a combination of PMNCH's Partner and Secretariat contributions, either as financial or human resources. Planned Contribution (as per table) indicates PMNCH Secretariat's anticipated contribution to the sub-deliverable, from its overall US\$ 10 million annual budget, which is yet to be fully funded – mobilizing resources is ongoing.

PMNCH 2022 sub-deliverable	Task team ¹	Partners	Constituencies	Focal Point	Delivery	Contributions ²
1.3.3 Digital Accountability Compendium, including curated tools, evidence, guidance materials, briefs, and social media assets on WCAH and equity to facilitate peer learning and capacity strengthening for partners to use in their own accountability and advocacy efforts.	Accountability WG	ALMA2030, UHC Partnership, UHC2030, FP2030, COPASAH, WHO, UNICEF, UNFPA, etc.	All		Q4 2022	\$105k
1.3.4 Concept development for a Meaningful Youth and Adolescent Engagement (MAYE) 2023 Accountability Report (to be published in 2023).	Accountability WG, KEWG, Adolescent Wellbeing Workstream / AWI	TBC	AYC	TBC	Q4 2022	\$2,5k
1.3.5 Development of indicators and monitoring framework for adolescent well-being.	Accountability WG, Adolescent wellbeing initiative	GAMA	UNA	WHO	Q4 2022	\$80k
Secretariat-led coordination and facilitation						\$238k
Sub-total (net of Programme Support Costs)						\$540k
WHO Programme Support Costs (13%)						\$70k
Total						\$610

3. Aligning with PMNCH Board's 2022-23 advocacy priorities

Within the overall umbrella of the five year [PMNCH's 2021 to 2025 Strategy](#), PMNCH Board agreed four advocacy priorities for the 2022-23 work planning period.

Advocacy priorities for 2022-23 work planning period - Board decisions	Responding to the advocacy priorities
Focus on the seven asks of PMNCH COVID-19 Call to Action , with attention to 1, 2, 3, 4 and 7	Accountability sub-deliverables 1.3.1-1.3.3 will address all four Board-approved priorities. In addition, sub-deliverables 1.3.4 and 1.3.5 will have a particular focus on adolescent health and well-being.
WCA in Universal Health Coverage (UHC) processes	
Adolescent health & well-being, including its relationship to SRHR, mental health, climate change	
Reducing preventable maternal, newborn and child (MNC) deaths, including stillbirths	

4. Linkages to other PMNCH 2022-23 Workplan Deliverables

5. Role of the Task Teams

Under the coordination of the Accountability Working Group, the sub-deliverable Task Team(s) will be responsible for organizing and implementing the work associated with the noted sub-deliverable. This will involve:

- bringing relevant partners together and building on existing work;
- implementing the agreed sub-deliverables, including division of roles and responsibilities; and
- monitoring, measuring and reporting on sub-deliverables' progress through indicator setting and tracking.

6. Monitoring and measuring progress

This deliverable's contribution to the success of the Knowledge Synthesis Output will be measured through three key indicators: (i) number of PMNCH Knowledge products coordinated and developed (# of evidence/progress products); (ii) number of people reached through earned and social media, as well as other digital channels, and (iii) number of partners engaged in PMNCH advocacy efforts - other than events - around WCAH (# of partners engaged in MAYE endorsement and follow up).

7. Secretariat contribution

The PMNCH Secretariat supports the Coordinating Structures, its Task Teams and Partner Focal Points in facilitating the engagement of the broader partnership through the constituency structures, ensuring access to resources, and orchestration with the work of other deliverables so that the work leads to the agreed overall aims and objectives of [PMNCH's 2021 to 2025 Strategy](#). This includes supporting partners in their use of Digital Advocacy Hubs.

PMNCH Secretariat focal points for this deliverable is Ilze Kalnina (kalninai@who.int).
