PMNCH 2022-23 Workplan	2.5 Inclusive participation of partners in PMNCH structures, including completing the governance reform and ensuring more	
Deliverable:	effective member engagement and good governance more broadly (e.g., Good Governance work; MAYE, etc.).	
Coordinating Structure	Governance and Ethics Committee	
Function and Output:	Partner Engagement	

#### 1. Rationale and added value

During its <u>2021-2025 Strategy</u>, PMNCH aims to support its Partners to advocate for, secure and follow up on 30 national and five new global/regional policy, financing and/or service commitments to prioritize women's, children's, adolescents' (WCA) health and well-being, with a focus of leaving no one behind.

In its paper entitled "Harnessing the Power of Partnership in a Digital Era", the PMNCH Board stressed the importance of meaningful partner engagement in delivering PMNCH's strategy. This included ensuring principles of equity, constructive power balance and active anti-discrimination across all internal and external workstreams, while placing partners at the centre of everything PMNCH does. To implement the "partnership-centric" way of working, PMNCH is focusing on meaningful partner engagement to enable all voices to be heard. In delivering its 2022-23 Workplan, PMNCH leverages its rich and diverse membership base and builds on its added value of being a true multi-stakeholder platform, focused on women's, children's and adolescents' health and wellbeing.

<sup>&</sup>lt;sup>1</sup> See section 5 for the proposed role of Task Teams. Its members can be any PMNCH partners who are interested in engaging in the individual sub-deliverables.

<sup>&</sup>lt;sup>2</sup> Each sub-deliverable should be funded through a combination of PMNCH's Partner and Secretariat contributions, either as financial or human resources. Planned Contribution (as per table) indicates PMNCH Secretariat's anticipated contribution to the sub-deliverable, from its overall US\$ 10 million annual budget, which is yet to be fully funded – mobilizing resources is ongoing.

# 3. Aligning with PMNCH Board's 2022-23 advocacy priorities

Within the overall umbrella of the five year PMNCH's 2021 to 2025 Strategy, PMNCH Board agreed four advocacy priorities for the 2022-23 work planning period.

Advocacy priorities for 2022-23 work planning period-Board decisions	Responding to the advocacy priorities				
Focus on the seven asks of PMNCH COVID-19 Call to Action, with attention to 1, 2, 3, 4 and 7	Inclusive partner participation within all PMNCH structures will enable the delivery of all four

#### 5. Role of the Task Teams

Under the coordination of the Governance and Ethics Committee, the sub-deliverable Task Team(s) will be responsible for organizing and implementing the work associated with the noted sub-deliverable. This will involve:

- (i) bringing relevant partners together and building on existing work;
- (ii) implementing the agreed sub-deliverable, including division of roles and responsibilities; and
- (iii) monitoring, measuring and reporting on sub-deliverables' progress through indicator setting and tracking.

### 6. Monitoring and measuring progress

This deliverable's contribution to the success of the Partner Engagement Output will be measured through two key indicators: (i) number of partners engaged in PMNCH advocacy efforts - other than events - around WCAH (% increase in overall PMNCH membership); and (ii) number of champions, including Global Leaders Network members, engaged in WCAH advocacy supported by PMNC (# of leadership roles and young leaders).

#### 7. Secretariat contribution

The PMNCH Secretariat supports the Coordinating Structures, its Task Teams and Partner Focal Points in facilitating the engagement of the broader partnership through the constituency structures, ensuring access to resources, and orchestration with the work of other deliverables so that the work leads to the agreed overall aims and objectives of <a href="PMNCH's 2021 to 2025 Strategy">PMNCH's 2021 to 2025 Strategy</a>. This includes supporting partners in their use of Digital Advocacy Hubs.

PMNCH Secretariat focal point for this deliverable is Dina El Husseiny (<a href="mailto:elhusseinyd@who.int">elhusseinyd@who.int</a>).
