Supporting EWEC: Deep dive on action for results

- Specific focus on multisectoral action for results essential for achieving the targets of the Global Strategy & SDGs
- Seeking to profile strong country examples of what has been successful to date for collaboration across sectors to achieve results along 6 EWEC priority themes:
 - Early Childhood Development
 - Quality, equity, dignity in services
 - Empowerment of women, girls and communities
 - Adolescents health and well-being
 - Humanitarian and fragile settings
 - Sexual and reproductive health and rights
- The backbone of the Partners' Forum programme will be a set of 12 inspiring Success Factors case studies

Call for Proposals: Success Factors case studies

- Building on 2014 Success Factors studies: Showed that around 50% of progress made in maternal and child health was due to investments in other sectors, e.g. education, WASH, gender, labour, etc.
- Call for proposals: 21 Jan deadline
 To identify inspiring examples of collaborations across sectors designed to improve women's, children's and adolescents' health.
- Seeking to understand: How are countries successfully collaborating across sectors? What are the impacts? What are the challenges? What are the solutions and best practices?

Success Factors case studies: criteria for inclusion

Submission Deadline: 21 January 2018

- From any country low, middle or high income
