WHO may, at its discretion, ask any bidder for clarification of any part of its proposal. The request for clarification and the response shall be in writing. No change in price or substance of the proposal shall be sought, offered or permitted during this exchange.

NOTE: Individual contact between WHO and bidders is expressly prohibited both before and after the closing date for submission of proposals.

5. Award

WHO reserves the right to:

- b) Award separate contracts for parts of the work, components or items, to one or more bidders of its choice, even if their bids are not the lowest;
- c) Accept or reject any proposal, and to annul the solicitation process and reject all proposals at any time prior to award of contract, without thereby incurring any liability to the affected bidder or bidders and without any obligation to inform the affected bidder or bidders of the grounds for WHO's action;
- d) Award the contract on the basis of the Organization's particular objectives to a bidder whose proposal is considered to be the most responsive to the needs of the Organization and the activity concerned;
- e) Not award any contract at all.

WHO has the right to eliminate bids for technical or other reasons throughout the evaluation/selection process. WHO shall not in any way be obliged to reveal, or discuss with any bidder, how a proposal was assessed, or to provide any other information relating to the evaluation/selection process or to state the reasons for elimination to any bidder.

NOTE: WHO is acting in good faith by issuing this RFP. However, this document does not oblige WHO to contract for the performance of any work, nor for the supply of any products or services.

At any time during the evaluation/selection process, WHO reserves the right to modify the scope of the work, services and/or goods called for under this RFP. WHO shall notify the change to only those bidders who have not been officially eliminated due to technical reasons at that point in time.

WHO reserves the right at the time of award of contract to extend, reduce or otherwise revise the scope of the work, services and/or goods called for under this RFP without any change in the base price or other terms and conditions offered by the selected bidder.

WHO also reserves the right to enter into negotiations with one or more bidders of its choice, including but not limited to negotiation of the terms of the proposal(s), the price quoted in such proposal(s) and/or the deletion of certain parts of the work, components or items called for under this RFP.

Within 30 days of receipt of the contract between WHO and the successful bidder (the “Contract”), the successful bidder shall sign and date the Contract and return it to WHO according to the instructions provided at that time. If the bidder does not accept the Contract terms without changes, then WHO has the right not to proceed with the selected bidder and instead contract with another bidder of its choice. The Contract will include, without limitation, the provisions set forth in Annex 3.

Any and all of the contractor's (general and/or special) conditions of contract are hereby explicitly excluded from the Contract, i.e., regardless of whether such conditions are included in the Contractor's offer, or printed or referred to on the Contractor's letterhead, invoices and/or other material, documentation or communications.

We look forward to receiving your response to this RFP.

Yours sincerely,

Annex 1: Detailed Terms of Reference

1. Purpose of the APW

PMNCH is seeking the services of an experienced consultant to work with a broad range of relevant stakeholders to develop an overarching 'Framework of PMNCH's Strategic Priorities to 2030'.

Informed by interactions and consultations with the PMNCH Board, governance structures and constituency leaders, the consultant (supported by PMNCH's Secretariat facilitation) will coordinate the development of a framework document that will set out proposed strategic priorities that PMNCH should focus on in its work to 2030. The document will be presented at the 4th and 5th December 2024 Board meeting for approval.

The framework document will set out proposed strategic priorities as well as the main principles and parameters that will guide PMNCH's work in the years between now and 2030. The document will also reflect on PMNCH's unique and added value in addressing anticipated opportunities and challenges of the era, based on internal consultation among PMNCH members and in the context of the broader landscape analysis within which PMNCH operates.

This work will be undertaken in close coordination with another related assignment (run in parallel), which has as its purpose to undertake an external evaluation of PMNCH's work during its current 2021 to 2025 Strategy.

2. Background

PMNCH has undergone an independent, external evaluation towards the end of each of its strategic periods, to both assess progress made and to ascertain the direction to be taken for the next strategy. Previous evaluations can be found on [PMNCH's website](#).

In this context, PMNCH's governance bodies have agreed to initiate a process to reflect on PMNCH's work during the current [2021 to 2025 strategic period](#) and, through doing so, set the scene and provide direction for designing and implementing a new strategy to 2030.

PMNCH is aiming to launch its new 2026-2030 Strategy in September 2025, in conjunction with PMNCH's 20th anniversary celebrations.

3. Planned timelines (subject to confirmation)

Start date: 01/08/2024

End date: 13/12/2024

Total duration: 4.5 Months

4. Requirements - Work to be performed

This work will seek to generate consensus among PMNCH members about key priorities, principles and overall parameters for its 2026-2030 strategy. It will be informed by recent studies on PMNCH performance and Board discussions at its July 2024 meeting. In addition, coordinated in-depth consultations among Board and constituency leaders will lead towards producing a high-level framework paper that will reflect:

- analysis and forecasting of global trends and conditions that shape women's, children's and adolescents' health and wellbeing outcomes;
- PMNCH's unique position within this landscape, highlighting opportunities and challenges to contribute meaningfully to the achievement of the SDGs and the development of the post-2030 goals;

- views and aspirations of PMNCH's members / constituencies as to the role that PMNCH should play going forward, and how the partnership can be most helpful in supporting partners in delivering on all of their common strategic priorities and objectives; and
- practical proposals for PMNCH's strategic priorities and goals for the 2026-2030 period, reflecting the above analysis and partner views, as well as donor trends and strategic positioning of PMNCH.

The work on this paper will be a major input into and will correlate closely with the external evaluation of PMNCH's efforts in 2021-2025, as well as in due course the development of the 2026-2030 Strategy. Deliverables will be supported by desk research and interviewing Board and constituency leaders, and then through analysing inputs, outputs will be drafted and presented for feedback and refinement.

5. Requirements - Planning

In terms deliverables, this work has the following expectations:

- first draft of this paper will be developed by middle of September 2024 (exact dates to be agreed);
- the first draft will be discussed and consulted on with PMNCH governance leadership (i.e., Board Chairs and Vice-Chairs, Committees and Working Groups) and PMNCH Secretariat;
- draft final paper and presentation will be completed in time (two weeks prior) for it to be shared with and presented at the 4th and 5th December 2024 Board meeting for discussion and approval;
- final paper, taking account of any Board feedback, to be prepared and finalized by 13 Dec 2024.

6. Inputs

This work will be supported by PMNCH's Secretariat, through:

- facilitating the interactions between the consultant and stakeholders, as appropriate;
- making available background documents and information it has at its disposal;
- acting as a thought-partner in the discussions and one of the ongoing consultation stakeholders; and
- linking this work with the work of consultants undertaking the external evaluation and the development of the PMNCH 2016 to 2030 Strategy, including its Results Framework and a Monitoring, Evaluation and Learning Strategy.

As noted earlier, this work will be undertaken in parallel to a related assignment, which has as its purpose to undertake an external evaluation of PMNCH's work during its current 2021 to 2025 Strategy.

In this context, it is envisaged that this external evaluation work will feed into the present assignment through:

- sharing information and learnings as they emerge in the first months of the external evaluation work;
- potentially jointly participate in some of the stakeholder consultations; and
- have regular check-ins to review emerging information from both processes and agree on best and most efficient working modalities.

For purposes of the Contract, the term “WHO Policies” means collectively: (i) the WHO Code of Ethics and Professional Conduct; (ii) the WHO Policy Directive on Protection from sexual exploitation and sexual abuse (SEA); (iii) the WHO Policy on Preventing and Addressing Abusive Conduct; (iv) the WHO Code of Conduct for responsible Research; (v) the WHO Policy on Whistleblowing and Protection Against Retaliation; (vi) the WHO Policy on Prevention, Detection and Response to Fraud and Corruption, and (vii) the UN Supplier Code of Conduct, in each case, as amended from time to time and which are publicly available on the WHO website at the following links: <http://www.who.int/about/finances-accountability/procurement/en/> for the UN Supplier Code of Conduct and at <http://www.who.int/about/ethics/en/> for the other WHO Policies.

2. **Zero tolerance for sexual exploitation and abuse, sexual harassment and other types of abusive conduct.** WHO has zero tolerance towards sexual exploitation and abuse, sexual harassment and other types of abusive conduct. In this regard, and without limiting any other provisions contained herein:

(i) each legal entity Contractor warrants that it will: (i) take all reasonable and appropriate measures to prevent sexual exploitation or abuse as described in the WHO Policy Directive on Protection from sexual exploitation and sexual abuse (SEA), and/or sexual harassment and other types of abusive conduct as described in the WHO Policy on Preventing and Addressing Abusive Conduct by any of its employees and any other natural or legal persons engaged or otherwise utilized to perform the work under the Contract; and (ii) promptly report to WHO and respond to, in accordance with the terms of the respective Policies, any actual or suspected violations of either Policy of which the Contractor becomes aware; and

(ii) each individual Contractor warrants that he/she will (i) not engage in any conduct that would constitute sexual exploitation or abuse as described in the WHO Policy Directive on Protection from sexual exploitation and sexual abuse (SEA), and/or sexual harassment and other types of abusive conduct as described in the WHO Policy on Preventing and Addressing Abusive Conduct. Without limiting the foregoing, the individual Contractor shall promptly report to WHO, in accordance with the terms of the respective Policies, any actual or suspected violations of either Policy of which the individual Contractor becomes aware.

3. **Tobacco/Arms Related Disclosure Statement.** The Contractor may be required to disclose relationships it may have with the tobacco and/or arms industry through completion of the WHO Tobacco/Arms

7. **Assurances regarding procurement.** If the option for payment of a maximum amount applies, to the extent the Contractor is required to purchase any goods and/or services in connection with its performance of the Contract, the Contractor shall ensure that such goods and/or services shall be procured in accordance with the principle of best value for money. "Best value for money" means the responsive offer that is the best combination of technical specifications, quality and price.

8. **Audit and Investigations.** WHO may request a financial and operational review or audit of the work performed under the Contract, to be conducted by WHO and/or parties authorized by WHO, and the Contractor undertakes to facilitate such review or audit. This review or audit may be carried out at any time during the implementation of the work performed under the Contract, or within five years of completion of the work. In order to facilitate such financial and operational review or audit, the Contractor shall keep accurate and systematic accounts and records in respect of the work performed under the Contract. Similarly, WHO may initiate an investigation into credible allegations of fraud and corruption and other forms of misconduct based on information received in accordance with its respective policies, procedures and rules.
